

# Course Schedule

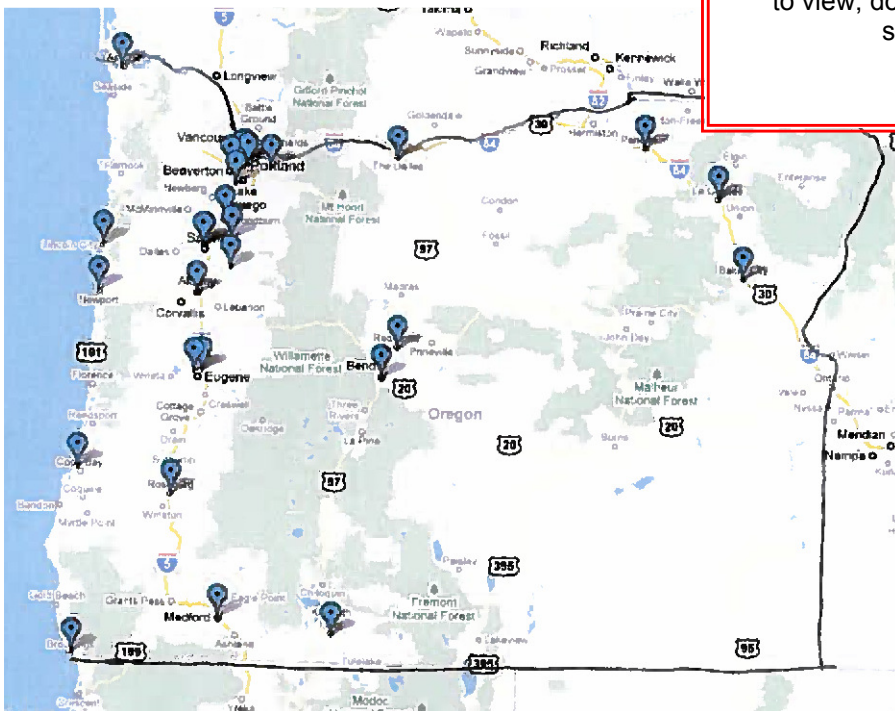

**American  
Red Cross**

Oregon Chapters

April - June 2011

## Locations throughout Oregon –

**Course materials are now  
available online! Visit**

[www.oregonredcross.org/classmaterials](http://www.oregonredcross.org/classmaterials)

to view, download, and print class books,  
skills cards, and more!

See page 2 for details.

### Choose from Several Easy Ways to Register-

- **Online** – visit [www.oregonredcross.org](http://www.oregonredcross.org) or by visiting your local chapter's website
- **Phone** – call your local chapter or 1-800-991-9515 (503-280-1440 in the Portland area)  
Phone hours are Monday through Friday, 9a–4:00p and Saturday 9:00a–1:00p, excluding major holidays. Please have your credit card information ready. Hablamos Español. We can also be emailed at [classes@oregonredcross.org](mailto:classes@oregonredcross.org) or faxed at 503-528-1717.
- **Mail** – your registration form (with payment) to:  
American Red Cross Attn: Class Registration  
PO Box 3200 Portland, Oregon 97208  
*Make check or money order payable to the American Red Cross.*
- **In Person** – at your local chapter office – see addresses and phone numbers on page 3.

At the time of registration, please notify us if you require any special accommodations.  
Every effort will be made to fulfill reasonable and appropriate requests.

Fees apply to cancelled and rescheduled registrations.

## American Red Cross – Health and Safety Course Catalog

As the leader in health and safety training for more than 90 years, the American Red Cross is today's premier provider of first aid, CPR, water safety, swimming lessons, caregiving training, babysitter's training and other health and safety education programs. Developed in conjunction with medical and aquatics experts, each program delivers the latest information and lifesaving techniques.

### ***What's new about Health & Safety Training?***

Beginning January 2011, many of our training books and skills cards are available online. Visit [www.oregonredcross.org/classmaterials](http://www.oregonredcross.org/classmaterials) where you can select either "Workplaces, Schools, and Individuals" (for Lay Responders) or "Professional Rescuers" to download and print materials for your reference.

### ***Frequently Asked Questions –***

Will having free digital materials change how courses are taught?

- Course outline and instruction methods will remain the same.

Will students still receive books in class?

- Take home materials will no longer be provided in class – you can print books via the above URL and bring them to class or purchase a book either before or in class.

How much will books cost?

- Lay Responder books cost \$9 and Professional Rescuer books \$13.

When will this start?

- February 1<sup>st</sup> in the Portland metropolitan area and March 1<sup>st</sup> for other locations around Oregon.

Is that a requirement for training?

- Library sets will be available for reference in class and therefore a book purchase is not required; however, many students will want a copy for their reference and so printing or purchasing a book is recommended.

What about youth classes?

- This change does not impact youth courses.

### ***In Every City, In Every Community, the Red Cross is There***

Each year, victims of some 70,000 disasters turn to the Red Cross for help. Through more than 800 locally supported chapters, 15 million people gain the skills they need to prepare for and respond to emergencies in their workplaces, homes, schools and communities. Some 4 million people give blood—the gift of life—through the Red Cross, making it the largest supplier of blood and blood products in the United States. The Red Cross helps thousands of U.S. service members stay connected to their families when separated by military duty. As part of the International Red Cross and Red Crescent Movement, a global network of 181 national societies, the Red Cross helps restore hope and dignity to the world's most vulnerable people. All of these essential services are made possible by the voluntary services, blood and tissue donations, and financial support of people around the world.

*There are many ways to support the American Red Cross...*

- You can give of your time – instructor training information is on pages 24
- You may be able to donate blood
- You can donate financially
- You support the Red Cross through our health & safety trainings

However you offer your support, you become part of what enables the American Red Cross to

## Course Descriptions

Featuring hands-on practice and real-life scenarios, these courses are updated with the latest science for first aid, CPR and emergency cardiovascular care. Take home materials (for non-review courses) help you to retain skills and serve as handy reference tools once training is complete. **All Standard First Aid and CPR courses meet OSHA First Aid Guidelines.**

\*Please note – not all courses may be offered in all locations. Special courses offered only in certain locations are described on location pages.\*

### Standard First Aid with CPR/AED – Adult

Could you operate an Automated External Defibrillator if a friend, family member or someone nearby was suffering from cardiac arrest? Take *Standard First Aid with CPR/AED - Adult* and learn how to effectively use an AED along with what's needed to prevent, recognize and provide basic care for injuries and sudden illnesses.

### CPR/AED – Adult

Take *CPR/AED – Adult* and learn the skills needed to prevent, recognize, and provide basic care for cardiac arrest and the effective use of an Automated External Defibrillator.

### Standard First Aid

Do you know the most effective way to stop the bleeding of a serious cut? Could you help someone with a head or neck injury until medical personnel arrive? Learn the skills needed to prevent, recognize and provide basic care for injuries and sudden illnesses in *Standard First Aid*.

### Wilderness First Aid

This 16 hour course is for those who work, live or play in remote areas – away from the usual EMS service. Even though the emergency workers near these areas may be trained to search for and rescue those in need, there may be a delay in the notification of assistance, the time required to get to the patient, or in moving the patient to more advanced treatment. It expands on the concepts in the Standard First Aid course to give more detailed information and hands on skills practice. Basic first aid skills are covered, making this course appropriate for anyone regardless of experience level. A minimum age of 15 is recommended for participants due to the serious nature of the course and scenarios.

### CPR/AED for Professional Rescuers and Health Care Providers

This course combines a manual, lecture and video with hands-on skills training in the following areas:

- Responding to breathing and cardiac emergencies in adults, children and infants
- Using an AED on an adult or child victim of cardiac arrest
- Using personal protective equipment to stop bloodborne pathogens and other diseases from spreading

### Bloodborne Pathogens Training: Preventing Disease Transmission

If your profession involves responding to emergency situations, enroll in the *Bloodborne Pathogens* course, which is specifically designed for individuals who may be exposed to blood or other bodily fluids that may cause infection. **Now available throughout Oregon for \$24.95 as an online-only option.**

### Standard First Aid with CPR/AED—Adult & Child plus CPR – Infant

Do you know what to do if your child is burned? What if your infant stops breathing? Enroll in *First Aid with CPR - Adult, Child & Infant* and learn the skills needed to recognize and care for emergencies in infants, children and adults. In this class you'll learn CPR and techniques to treat cuts, scrapes, bruises, burns, bleeding, sprains and strains.

### CPR/AED – Adult and Child plus CPR – Infant

Do you know how to revive a young child or infant that stops breathing? Enroll in *CPR - Adult, Child and Infant* and learn the skills needed to recognize and care for breathing emergencies in infants, children and adults.

### Standard First Aid with CPR—Adult & Child

Could you perform CPR if your child or someone near you suddenly stopped breathing? Enroll in *Standard First Aid with CPR - Adult & Child* and learn the skills needed to save a life. This class will teach you how to prevent, recognize and provide basic care for injuries and sudden illnesses for adults and children (ages 2 and up) until medical personnel arrive.

### CPR/AED—Adult & Child

Do you know what to do if your child or someone near you suddenly stops breathing and drops to the floor, unconscious? Learning CPR saves lives. This course teaches you how to perform CPR on adults and children ages 2+, giving you the tools to save a life.

Now you can register for classes online! Visit [www.oregonredcross.org/classes](http://www.oregonredcross.org/classes)

### Standard First Aid with CPR – Child & Infant

Perfect for parents, grandparents and others who take care of small children, *First Aid with CPR - Child & Infant* teaches you the skills needed to recognize and care for injuries, sudden illnesses and breathing emergencies in infants and children.

### CPR – Child & Infant

Whether you have young children, grandchildren or are just around kids on a daily basis, this course will give you the tools to know what to do if they suddenly stop breathing. Enroll in *CPR - Child & Infant* and learn the skills needed to recognize and care for breathing and cardiac emergencies in infants and children (ages 0–12).

### Review Classes

Many courses are also available in a condensed format for students who want to renew their current certification. If selecting one of these courses, please bring your \*current\* certification card to class.

## Courses for Youth

### Babysitter's Training

Launch your babysitting career with the help of the American Red Cross! If you are 11 to 15 years old and want to become a babysitter, you can get the knowledge, skills and confidence to care for infants and school-aged children through *Babysitter's Training*. This course includes a video, activities, hands-on training and group discussions on the following topics:

- Responding to emergencies and illnesses with first aid, rescue breathing and other appropriate care
- Managing young children
- Making decisions under pressure
- Recognizing safety and hygiene issues
- Feeding, diapering and caring for infants
- Communicating with parents to learn household rules

The participant handbook includes a CD-ROM containing additional resources and information, such as business card and resume templates.

### When I'm In Charge (Super Safety)

Trusting your child to be home alone can be hard; prepare them for this responsibility with the help of the American Red Cross. If your child is 8 to 11 years old, this course will prepare them to respond safely to a variety of "home alone" situations. Participants will:

- Role play answering the phone and door
- Discuss gun and internet safety
- Discuss personal safety and first aid situations
- Receive a participation guide, notepads and blank emergency phone lists.

## Frequently Asked Questions

### ***Will I receive a confirmation – and can I get a receipt?***

You will receive a class confirmation/receipt. If you register online, you will receive an email confirmation. Remember to verify the date and time of your training session as it appears on your confirmation.

### ***What if I'm late to class?***

Since the core of most programs is taught at the beginning of class, you won't want to miss a minute. In order to maximize training time, session start times are firm, so please plan to arrive 15 minutes early. If you arrive more than 5 minutes late you will not be permitted into the class, you will have to reschedule and a rescheduling fee will be assessed. If you miss a scheduled class, rescheduling requires full payment.

### ***Can I take a class if I have a medical condition or a special educational need?***

We will work with you to accommodate medical conditions or disabilities as much as possible, although certification requirements vary among classes. For more information please call class registration via your local chapter phone number, 1-800-991-9515 or 503-280-1440. You can also email [classes@redcross-pdx.org](mailto:classes@redcross-pdx.org).

### ***Can I transfer or cancel a class?***

Yes – rescheduling and cancellation fees may apply. Please contact the registration desk for details. **All fees owed for class changes must be paid at time of transaction.**

Classes with low enrollment (fewer than 5 students) may be canceled. If the Red Cross cancels a class, we will promptly notify you. Every effort will be made to reschedule your training. If this is not possible, you will receive a full refund.

### ***Can lost certificates be replaced?***

We can send you replacement certificates as long as your certification is still valid. Simply provide the course name, location and completion dates when making your request. A \$5.00 processing fee will be assessed for each replacement certificate issued.

### ***How actively must I participate in class?***

You'll learn more – and have more fun – by participating as much as possible. Most classes include videos, group discussions and skills practice that require you to participate in hands-on activities. Please wear comfortable non-restrictive clothing because some of the skills practice takes place on the floor. To receive certification, you must attend all class sessions and pass both skills and written testing.

### ***Can I get sick using a manikin?***

CPR training with manikins is a safe and common practice. According to the Centers for Disease Control, there has never been a reported case of any infectious disease transmitted through the use of CPR manikins. The American Red Cross trains nearly 12 million people annually in lifesaving skills and follows widely accepted guidelines for cleaning and decontaminating training manikins to reduce the risk of disease transmission.

To minimize your risk even further, you should practice good personal hygiene (i.e. frequent hand washing) and follow basic health precautions — especially if you have a condition that would increase the risk of exposure to infection for yourself or other participants.

If you are sick and training cannot be postponed, you can call our office ahead of time and request your own manikin. Your manikin will not be used by anyone else until it has been cleaned according to the recommended end-of-class decontamination procedures.

### ***Please request your own manikin if you have:***

- An acute condition, such as a cold, sore throat or cuts and sores on your hands or around your mouth.
- A condition that makes you unusually likely to get an infection.

### ***Anti-Discrimination Policy***

No person will be excluded from service or classes because of race, ethnic origin, religion, handicap, gender or sexual orientation.

Now you can register for classes online! Visit [www.oregonredcross.org/classes](http://www.oregonredcross.org/classes)

## **Wilderness and Remote First Aid**

Unfortunately, emergencies sometimes strike when you're far from a hospital or other medical services, so you need special skills to respond. To address the need for this training, last year the Red Cross introduced its Wilderness and Remote First Aid course.

Designed for scouts, people who love the outdoors and those who work in remote wilderness areas, this course gives people the skills needed to respond to an emergency when help may be delayed.

The course includes training on topics such as head, neck and spinal injuries, heat and cold-related emergencies and altitude sickness. The Wilderness and Remote First Aid course also offers additional content and topics to meet the Occupational Safety and Health Administration's Best Practices for Workplace First Aid Training Programs.

**American  
Red Cross**

Southern Oregon Chapter

**When Seconds Count, You Could  
Save a Life.**

*The American Red Cross has a vision of one person in every household being trained in First Aid and CPR lifesaving skills, and all Americans being within four minutes of an AED and someone trained to use it in the event of sudden cardiac arrest.*

The Southern Oregon Chapter can assist you in every phase of creating an AED program, including:

- Facilitating the purchase of AEDs & accessories
- Training in CPR, first aid and AED skills
- Providing information on developing or upgrading emergency procedures

*With the latest generation of automated external defibrillators (AEDs) and training from the Southern Oregon Chapter, more everyday people are prepared to care for victims of sudden cardiac arrest in our community.*

**For more information, contact your local chapter at  
541-779-3775 x 303 or e-mail [amy@soredcross.org](mailto:amy@soredcross.org).**

**Classes in Albany, Eugene, Roseburg and North Bend**

**Standard First Aid with CPR/AED – Adult - \$50**

**Babysitter's Boot Camp - \$60** – A fun, 2 day course for 11-15 year olds which gives participants the skills and confidence necessary to care for infants and children. Babysitter's Bootcamp addresses safety issues, preventing injuries and illnesses, basic child care, decision-making skills, age-appropriate behavior and play, as well as lifesaving techniques. Participants receive a text book, a reference handbook, a CDROM and certificates in Babysitter's Training, Child/Infant CPR and First Aid. Participants must attend both days of training to get certifications.

00440416	06/18/2011	10a-12p	EUG

**Be a leader.****Save a life.**

The First Aid Service Team (FAST) is a youth-led volunteer program sponsored by the Oregon Pacific Chapter of the American Red Cross. FAST is a group of youth and adult professional rescuers who provide first aid and first response care at community events, teach safety programs to elementary school students, and organize community service projects.

FAST is an innovative way to provide a valuable community service, learn life-saving skills, and meet new friends and mentors. Youth members learn and use job-ready skills, develop critical leadership and teamwork skills, and earn hands-on experience valuable for the workforce and college. They work with medical and health professionals, network with peers from other schools, and benefit from interacting with positive adult mentors.

All members receive Red Cross training in CPR/AED for the Professional Rescuer, Standard First Aid and Responding to Emergencies, Universal Precautions for Bloodborne Pathogens, and additional training provided by local professionals.

FAST is open to any youth (ages 14 to 20) and adult (ages 21 and over) with an interest in serving their community and learning life-saving skills. For details on joining contact Nathan Keffer, Youth Services & FAST Coordinator, at 541-344-5244. Visit the FAST blog at [www.redcrossyouthservices.blogspot.com](http://www.redcrossyouthservices.blogspot.com)

**Challenge a class** - If you believe you have the skills necessary to receive certification and wish to forgo formal training, you may challenge a class. This is an opportunity to demonstrate your skills and knowledge outside the classroom setting. **No** instruction is given and all participants are solely responsible for preparing for the tests. If you do not pass the challenge, you must register and pay for a full-length classroom course to receive certification. To schedule a challenge appointment, please call 503-280-1440 or email [classes@oregonredcross.org](mailto:classes@oregonredcross.org).

Now you can register for classes online! Visit [www.oregonredcross.org/classes](http://www.oregonredcross.org/classes)

**Cat & Dog First Aid - \$60** - If your dog or cat suddenly stopped breathing or broke a bone, would you know what to do? Pet first aid is not the same as human first aid – in this course you'll find out how to perform rescue breathing, treat shock, respond to choking, stop bleeding, care for a suspected fracture and handle other sudden illnesses including poisoning. Learn how to care for them when they need you most!

***The Need for Blood***

The Pacific Northwest Regional Blood Services began collecting blood for its community in 1949 and is now the sole provider of blood and blood products to more than 80 local hospitals in Oregon, Washington and Alaska. To meet patient needs, the region strives to collect nearly 5,000 whole blood donations and more than 500 platelet products each week.

Nearly every two seconds someone in America needs a blood or blood product transfusion. Because blood has a limited shelf life, the community blood supply must constantly be replenished to meet patients' needs.

Whether at a blood drive in a community or at a donation center in the city, every one of our donors plays an integral role in the delivery of modern healthcare. Many diseases, surgeries and conditions require blood transfusions in order for treatments to be successful and recovery to be possible.

***Please Make an Appointment Today***

To find blood donation sites and hours in your area, please call **1-800-Give Life** or visit us at [www.nwblood.redcross.org](http://www.nwblood.redcross.org)

To sponsor a blood drive, please contact your local chapter or call **(503) 528-5929** in the Portland area.

### **Instructor Training Program**

**The Oregon Red Cross offers Instructor Training Programs designed to meet the needs of your organization.** This training will authorize you to teach, at the Lay Responder level, First Aid/CPR/AED for the Workplace and for Schools and the Community, Blended Learning First Aid/CPR/AED, First Aid – Responding to Emergencies, and Sport Safety Training.

#### **Application Process:**

Application forms must be received at least one week prior to the program start date. Courses are filled on a first come, first paid basis and may fill quickly. Applicants must be 16 years of age. Late applications will be considered for future course dates.

#### **Please contact the appropriate person below:**

##### *Instructors teaching for their organization*

Eldon Lampson – Authorized Provider Specialist  
Phone: 503-528-5640  
Fax: 503-528-5974  
Email: lampson@redcross-pdx.org

##### *Volunteers in Portland, Salem and Eastern Oregon*

Ruta Karels – Instructor Supervisor  
Phone: 503-528-5792  
Fax: 503-528-5971  
Email: karels@redcross-pdx.org

##### *Volunteers in throughout the rest of Oregon*

Kate Buttke – Instructor Supervisor  
Phone: 541-357-9118  
Fax: 541-345-4806  
Email: buttkek@oregonpacific.redcross.org

**Courses are scheduled throughout the state for 2011 – if your location isn't listed here, please contact the appropriate person above.**

#### **Description of the Program:**

The instructor course is being updated and revised in line with the release of new 2011 teaching guidelines. For this reason, many of the program details are currently unavailable. We encourage you to use the dates and locations below as a guideline to when instructor courses will be offered in your area and to contact one of the above individuals for further details.

**Base Course (First Aid, Adult & Child CPR/AED and Infant CPR + Bloodborne Pathogens)** – This course that covers every topic the candidate will be authorized to teach at the completion of the instructor training program and is geared to ensuring that the candidates have the necessary skill level. It also provides candidates with a valuable overview of how the First Aid/CPR/AED courses are structured. Challenges available upon request.

**The Red Cross is here.** When disaster struck a little boy and his family, someone was there, providing shelter, a hot meal, a teddy bear, and a hug. But this Red Cross volunteer is not the only hero in this picture. Behind her are Oregonians just like you, who generously donate to their local chapter of the American Red Cross. You can't always be there for a child or family in need. But you can guarantee that someone will.

To protect, To care, To donate, visit [www.oregonredcross.org](http://www.oregonredcross.org)
